

The plant growth regulator activity of *Viscum album* extract on monocotyledonous and dicotyledonous

STROIA Laura Carla, LAICHICI Maria, MERCEA Maria, ILIA Gh., GROZAV Mata, NEAMTIU Ileana, FLOREA Lavinia - Academia Română Institutul de Chimie Timișoara

The purpose of the research was to highlight some stimulatory or inhibitory properties of mistletoe extract on the plant growth. To establish these properties, the mistletoe extract was tested, using the general bioassay Tsibul'skaya- Vassiliev, on mono- and dicotyledonous seeds.
