

L'efficience de l'irrigation des cultures agricoles dans le cadre organisationnel
spécifique pour l'association des utilisateurs d'eau d'irrigation (A.U.A.I.)
Cosmesti, Tecuci

C. BALACEANU - I.C.I.T.I.D Băneasa, Giurgiu

In this paper it is analyzed the irrigation efficiency of some crops in the pedoclimatic conditions of the Nicoresti Terrace, under the aspect of the yield benefit and the supplementary financial profits obtained as result of the hydroameliorative intervention, these elements being arguments for organizing the fields owners in Irrigation Water Users Associations.
