

NOI MICROMICETE PARAZITE ȘI SAPROFITE PE
PLANTELE DE CULTURĂ DIN MOLDOVA
PARASITES AND SAPROPHYTIC FUNGAL U.S. ON CROPS FROM
MOLDOVA

IACOB Viorica, ULEA E. - USAMV Iasi

As a result of the mycological researches during 2003-2004, the authors pointed out on different cultivated plants, fruit trees and trees new micromycetes for Romania, new host-plants for already known micromycetes or rarely described micromycetes in Moldavia.
