

ASPECTE PRIVIND TESUTUL MECANIC LA SP. LOLIUM
PERENNE L. SUB INFLUENȚA ÎNGRASAMINTELOR CU AZOT ÎN
CONDITII DE UMIDITATE DIFERITA A SOLULUI
ISSUES AT TISSUE MECHANICAL TO SP. LOLIUM PERENNE L.
UNDER THE INFLUENCE OF NITROGEN FERTILIZERS
DIFFERENT SOIL MOISTURE CONDITIONS

Nicoleta Luminita PARASCHIV, C. ȘÎRBU - USAMV Iasi

This piece of work analyses different histo-anatomical changes of the Lolium perenne L. species regarding the mechanic tissue, caused by different doses of nitrogen, in correlation with different level of soil humidity.
