

PROGRAM DE CALCUL PENTRU STUDIUL DEFORMĂRII
BARELOR ELASTICE DE LA MAȘINA DE RECOLTAT
STRUGURI
STUDY PROGRAM FOR THE CALCULATION ELASTIC
DEFORMATION STICKS TO HARVESTER GRAPE

I. BĂISAN - Universitatea Tehnică "Gh. Asachi" Iași

In the paper is presented the mathematical model and the software which is used for the study of the deformation for elastic bars, from harvesting machine BRAUD. There are presented the theoretic and experimental result obtained on the laboratory stand.
