

We warmly welcome your students who intend to study here within the Erasmus+ Programme next year and the Professors who would like to organize an Erasmus Staff Mobility at D3A.

The Study Programmes for the next Academic Year are summarized in the attached leaflet as a pdf file.

This is an introduction to our Department:

The detailed list of courses which will be taught during the next Academic Year 2015-2016 is still in preparation and will be published in May, presumably.

In the mean time, please have a look at the list referring to the A.Y. 2014/2015 for a general overview, for ECTS, examinations, contacts and the application procedure:

(continuously updating link)

The courses are offered in Italian, however we provide free courses of Italian and English specifically dedicated to Erasmus Incoming Students during the semesters.

The Exchange students have the possibility to take their exams in English or Italian and can profit of a special tutorship offered by the International Mobility Office (administrative assistance), by the professors and the Erasmus departmental delegate (educational assistance) and every day by the students' tutors.

Last but not least, please have a look at a presentation of Marche Polytechnic University. We host about 150 Erasmus Incoming Students every year:

Please don't hesitate to contact us for further information.

We are looking forward to continue our cooperation.
