

**In the attention of candidates applying for the selection
for ERASMUS+ grants (study and training mobilities) in 2020/2021**

Eligibility and selection criteria:

- *to be enrolled at USAMV Iași (BA, MA or PhD);*
- *to submit their application file (ex.: CV containing valid phone number and e-mail, letter of intent / motivation, ID card / passport copy, academic results, foreign language certificate – if it is the case, etc);*
- *to have a good academic record;*
- *to pass with good results the language test.*

For mobilities of study, students must be enrolled at least in the 2nd year of study when they will be participating in the mobility; this condition is not applied for mobilities of training.

The students have to apply for a mobility in a country that is different than the country of origin.

Foreign students need to add to their application file a copy of their Registration Certificate from the Immigration Office.

Newly graduate students may apply for a training mobility, except for foreign students (the duration of all Erasmus+ mobilities done in the respective cycle of studies must not exceed 12 months, but for veterinary medicine must not exceed 24 months).

The minimum period of the mobility: SMS (study) = 90 days; SMP (training) = 60 days.

Funding:

The ERASMUS program ensures the partial funding of mobility scholarships, all candidates being aware that they will need additional sources of income (sponsorships, own funds etc).

For the students who are elected for a mobility of study, the monthly grants are fixed, according to the country of destination, as follows:

Groups 1 and 2 of countries	Austria, Belgium, Cyprus, Greece, Germany, Finland, France, Ireland, Italy, Iceland, Liechtenstein, Luxembourg, Norway, Malta, Great Britain, the Netherlands, Portugal, Spain, Denmark, Sweden	520 Euro/month
Group 3 of countries	Bulgaria, Croatia, Czech Republic, Estonia, Latvia, Lithuania, Macedonia, Poland, Slovakia, Slovenia, Hungary, Turkey.	470 Euro/month

There will be another 200 Euro/month added in the following situations:

- for students with reduced opportunities (those who benefit from social scholarship), in the case in which they have been selected for a mobility of study;
- for training mobilities.

Results of the selection:

In the case in which the total number of admitted students from the four faculties exceeds the number of places financed by the program, the students will be selected in the descending order of their scores, respecting the percentage of participation for each Faculty in part, reported to the total number of students at the University level (approx. 40% Agriculture, 16% Horticulture, 20% Animal Sciences and 24% Veterinary).

In the case in which there are not enough participants in the selection for all faculties, in order to reach the percentage of participation per each faculty, the unoccupied places will be re-distributed to the faculties that have more candidates than the percentage established initially, respecting the percentage difference between the four faculties.

The students who are admitted at the Faculty level, who fit within the number of places financed by the program, will have the status of „admitted candidate”, if the percentage of participation of their respective Faculty is not surpassed.

The students who are admitted at the Faculty level, but do not fit within the number of places financed by the program, will have the status of “reserve” at the University level, or may become Erasmus students with “zero grant” (may participate in the mobility, but will not receive any money from the program grant).

There is the possibility that reserves could benefit from the grant if other students give up their place and / or if there will be any supplementary funds, respecting the above-mentioned criteria.

The list of partner institutions and details regarding the bilateral agreements (number of places, type of mobility – study or training, deadlines, conditions etc) may be found on the Erasmus + Office web page:

http://www.uaiasi.ro/index.php?lang=ro&pagina=pagini/5_programul_erasmus-plus.html

Before the selection process, it is recommended that students consult the list and the details about the partner institutions.

Information regarding the selection criteria may be found at:

- the Faculties notice boards (at the secretariat)
- the Erasmus+ Office notice board (main building, ground floor)
- www.uaiasi.ro –Erasmus+ page
- Erasmus+ Office, Secretary Veronica Apetrei
