INVITATION

The city of Iași, with a documented existence of over 600 years, is rightly considered the cultural capital of the country and, by the indisputable power of the arguments, has become, 100 years after the Great Union, the historical capital of Romania. The University of Agricultural Sciences and Veterinary Medicine of Iași has already a European opening by fulfilling its mission of training specialists in the context of the increasingly mobile demands of a society in continuous transformation.

As a center of excellence in agronomic and medical-veterinary research, our university celebrates annually the stages it has proposed to follow, with outstanding results obtained both in the educational field and in the field of scientific research.

„U.S.A.M.V. Iași Open Days”, organized during the 17th – 27th October 2019 period, aim to promote the newest results of research, development and innovation that have been achieved in the diverse areas belonging to the life sciences field, and also to encourage the creation of some research poles of excellence in the field.

The Congress “Life sciences, a challenge for the future” is one of the occasions through which, together with us, researchers from different areas of the world may identify solutions that could contribute to the sustainable development.

The Scientific Congress with international participation will take place between 17th – 18th October 2019, being organized under the patronage of the Ministry of Research and Innovation. The agenda of the Congress and the procedure for submitting applications may be found on the website dedicated to this particular scientific event – www.uaiasi.ro/congres

The papers selected by the Scientific Committee, written in English, will be published, according to the subject area being covered, in the following specialized magazines/journals indexed in international databases (CAB International, Copernicus International, Genamics Journal Seek, SCIRIUS, DOAJ, AGRIS):
- „Lucrări științifice. Seria Agronomie” (ISSN 1454-7414),
- „Lucrări științifice. Seria Horticultură” (ISSN 1454-7376),
- „Lucrări științifice. Seria Zootehnie” (ISSN 1454-7368),
- „Lucrări științifice. Seria Medicină Veterinară” (ISSN 1454-7406).

Along with the assurances of our highest consideration, please accept our invitation to participate to the Congress organized by our University, as well as to the events organized during the U.S.A.M.V. Iași Open Days.
