

Toneywall Farms

Job opportunity in the U.K. and Ireland

We are looking for some people interested in coming to work on our farm and contracting business in the U.K. and Ireland with beef, sheep and milk livestock.

The work may be full time or part time, with good rates of pay, working in a nice friendly family environment, where people are respected. Accommodation can be provided or subsidized.

This is a good learning opportunity, while also an opportunity to earn good money.
