Erasmus+ Programme  
of the European Union

# FROM THEORETICAL-ORIENTED TO PRACTICAL EDUCATION IN AGRARIAN STUDIES

## BASIC PROBLEMS ACHIEVING THE OBJECT OF THIS PURPOSE

### PRACTICAL ORIENTATION

The lack of practical orientation in agricultural study programs, leads to low levels of employability as graduates have a limited understanding of farm management

### STUDENT-CENTERED

Teaching methods are still lecturer centered and hierarchical. There is a need for more student-centered activities and learning by doing

### FARM DATA

A lack of reliable, comparable farm data leads to a lack of understanding of on farm business and production issues

## TO ENSURE A BROAD IMPACT ON ALL TARGET GROUPS, DISSEMINATION OF THE PROJECT RESULTS IS ORGANIZED THROUGH A LAYERED APPROACH

### CURRICULUM DEVELOPMENT

### TEACHER TRAINING

### COOPERATION WITH FARMING

### DATA COLLECTION
