Re: Final evaluation report and follow-up

Dear Prof. Vasile Vintu,

Please find enclosed the final version of your institution's evaluation report prepared by the evaluation team of the Institutional Evaluation Programme (IEP). On behalf of the IEP steering committee, I would like to thank you again for participating in the Programme, and the trust you placed in the evaluation team. We hope that this report will meet your expectations.

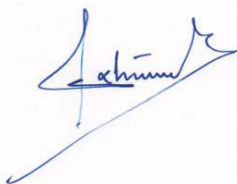

Although the external aspect of the evaluation is now complete, I would like to emphasise the importance of the follow-up phase within your institution. As part of this, I remind you that IEP expects participating institutions to prepare and send us a short progress report in one year's time. The report should briefly explain how your institution has addressed the key recommendations given in the evaluation report. This does not mean that we expect your institution to have implemented all the recommendations; instead feedback is requested on if and how you chose to implement specific recommendations.

We hope that the preparation of this short progress report will encourage your institution to maintain the dynamics of self-reflection and change initiated by the evaluation process, providing an opportunity for you to take stock of the initial impact of the evaluation. It also allows us to understand the extent to which our evaluation was helpful for your institution. IEP will treat the progress report confidentially and it will not be published or shared with any third party. A reminder about submitting the progress report will be sent at this time next year.

I also bring to your attention the possibility to register for a follow-up evaluation within the next one to three years. A follow-up evaluation would allow your institution to evaluate the changes made since the initial evaluation and give impetus for further development.

In the meantime, I thank you again for your collaboration with IEP and wish you and your institution every success in your future work.

Yours sincerely

Sokratis Katsikas

Chair, IEP steering committee
