Dear Partners,

Greetings from University of Life Sciences in Lublin, Poland ( PL LUBLIN04)!

We hope that you are all well and healthy during those uncertain times.

I'm contacting you again regarding the renewal of II Agreement for the new Erasmus+ edition 2021-2027. On the start of nomination procedure it turned out that some of our partners might not have received my last email suggesting the automatic renewal of II Agreements for 2021-2027 edition, including the transition year 2022/2023 that could be done via email.

I would like to inform you again that **we are pleased to extend our Inter-Institutional Agreement on our side for new Erasmus+ edition for the years 2021-2027, including the transition year 2022/23 via this email.**

We are ready to sign our agreement digitally, however if you are not ready yet we would suggest an automatic extension for the year 2022/2023 for the time being before we start a digital signing process.

We would appreciate if you could reply to this email **before 20<sup>th</sup> April, 2022 only if you have any comments/objections regarding our current II Agreement**, otherwise we will assume that you agree with the extension.

**If you think that this email doesn't concern you, please forward it to the person who is responsible for Erasmus+ II Agreements at your University.**

We look forward to continue our fruitful cooperation.

Best regards,

**Izabela Wolska**
