

Dear Partner,

Thank you for your email and your initiative of renewing our interinstitutional agreement. We are pleased to express our wish of extending our IIA for one more academic year with the purpose of fruitful future exchanges between our students and staff.

Kind regards,

--

Dear Partner,

As you are probably aware, our inter-institutional agreement ended with transition to a new Erasmus in 2021. We are currently reviewing our existing agreements to identify the partners that will be willing to cooperate with us during the new program period. If you want to continue to cooperate with us, we are going to create a new online agreement through the dashboard and will nominate students to your institution for the next academic year (2022-23). Would you be willing to confirm by email the renewal of the IIA for 2022-23 ?

We look forward to working with you under the Erasmus!

With our kindest regards,

Öğr. Gör. Murat Yaman
